TO BE HELD ON JUNE 28, 2016**

MANAGEMENT INFORMATION CIRCULAR

This Information Circular is furnished in connection with the solicitation of proxies by the management of NTG Clarity Networks Inc. (the "Corporation") for use at the annual meeting of the holders of common shares (the "Common Shares") of the Corporation to be held at the offices of the Corporation located at 2820 Fourteenth Avenue, Suite 202, Markham, Ontario on the 28th day of June, 2016 at 10:30 a.m. (Toronto time) (the "Meeting"), or at any adjournment thereof, for the purpose set forth in the Notice of Meeting. The information contained herein is given as of the 16th day of May, 2016, except where otherwise indicated. There is enclosed herewith a form of proxy for use at the Meeting. Each shareholder who is entitled to attend at meetings of shareholders is encouraged to participate in the Meeting and shareholders are urged to vote in person or by proxy on matters to be considered.

APPOINTMENT AND REVOCATION OF PROXIES

Those shareholders desiring to be represented by proxy must deposit their respective forms of proxy with Computershare ("Computershare") at 100 University Ave. 8th Floor, Toronto, Ontario M5J 2Y1 (Fax: 416-364-1827) by no later than 10:30 a.m. (Toronto time) on the second last business day (excluding Saturdays, Sundays and holidays) preceding the Meeting or any adjournment of the Meeting. A proxy must be executed by the shareholder or by his attorney authorized in writing, or if the shareholder is a corporation, under its seal or by an officer or attorney thereof duly authorized. A proxy is valid only at the Meeting in respect of which it is given or any adjournment of the Meeting.

Shareholders may use the internet site at www.investorvote.com to transmit their voting instructions. Shareholders should have the form of proxy in hand when they access the web site and will be prompted to enter their Control Number, which is located on the form of proxy. The website may be used to appoint a proxy holder to attend and vote on a shareholder's behalf at the Meeting and to convey a shareholder's voting instructions. Please note that if a shareholder appoints a proxy holder and submits their voting instructions and subsequently wishes to change their appointment, a shareholder may resubmit their proxy and/or voting direction, prior to the deadline noted above. When resubmitting a proxy, the most recently submitted proxy will be recognized as the only valid one, and all previous proxies submitted will be disregarded and considered as revoked, provided that the last proxy is submitted by the deadline noted above.

Each shareholder submitting a proxy has the right to appoint a person to represent him or it at the Meeting other than the persons designated in the form of proxy furnished by the Corporation. The shareholder may exercise this right by striking out the names of the persons so designated and inserting the name of the desired representative in the blank space provided, or by completing another form of proxy and in either case depositing the proxy with Computershare at the place and within the time specified above for the deposit of proxies.

An instrument of proxy may be revoked by the person giving it at any time prior to the exercise thereof. If a person who has given a proxy attends personally at the Meeting at which such proxy is to be voted, such person may revoke the proxy and vote in person by depositing an instrument in writing executed by the shareholder or its attorney authorized in writing with the Chairman of the Meeting on the day of the Meeting or any adjournment thereof. In addition to revocation in any other manner permitted by law, a proxy may be revoked by instrument in writing executed by the shareholder or its attorney authorized in writing, or if the shareholder is a corporation, under its seal or by an officer or attorney thereof duly authorized, and deposited with Computershare at the place specified above for the deposit of proxies and at any time up to and including the last business day preceding the Meeting, or any adjournment thereof. The close of business on May 16, 2016 is the record date for the determination of shareholders who are entitled to notice of, and to attend and vote at, the Meeting (the "Record Date").

NOTICE TO BENEFICIAL HOLDERS OF SHARES

Shareholders who do not hold their Common Shares in their own name (referred to herein as “beneficial shareholders”) are advised that only proxies from shareholders of record can be recognized and voted upon at the Meeting. If Common Shares are listed in an account statement provided to a shareholder by a broker, then in almost all cases those Common Shares will not be registered in the shareholder's name on the records of the Corporation. Such Common Shares will more likely be registered under the name of the shareholder’s broker or an agent of that broker. In Canada, the vast majority of such Common Shares are registered under the name of CDS & Co. (the registration name for The Canadian Depository for Securities, which acts as nominee for many Canadian brokerage firms). Common Shares held by brokers or their nominees can only be voted (for or against resolutions) upon the instructions of the beneficial shareholder. Without specific instructions, brokers/nominees are prohibited from voting Common Shares for their clients. The directors and officers of the Corporation do not know for whose benefit the Common Shares registered in the name of CDS & Co. are held, and directors and officers of the Corporation do not necessarily know for whose benefit the Common Shares registered in the name of any broker or agent are held. Therefore, beneficial shareholders cannot be recognized at the Meeting for purposes of voting their securities in person or by way of proxy.

Applicable regulatory policy requires intermediaries/brokers to seek voting instructions from beneficial shareholders in advance of shareholders' meetings. Every intermediary (broker) has its own mailing procedure, and provides its own return instructions, which should be carefully followed by beneficial shareholders in order to ensure their Common Shares are voted at the Meeting. Often, the form of proxy supplied to beneficial shareholders is identical to that provided to registered shareholders. However, its purpose is limited to instructing the registered shareholder how to vote on behalf of the beneficial shareholder. The majority of brokers now delegate responsibility for obtaining instructions from clients to Broadridge Investor Communications (“Broadridge”). Broadridge typically mails a scannable voting instruction form in lieu of the form of proxy. Beneficial shareholders are asked to complete and return the voting instruction form to them by mail or facsimile or to follow specified telephone or internet voting instructions. Broadridge then tabulates the results of all instructions received and provides appropriate instructions respecting the voting of Common Shares to be represented at the Meeting. If a beneficial shareholder receives a voting instruction form from Broadridge it cannot use that form as a proxy to vote Common Shares directly at the Meeting as the voting instruction forms must be returned to Broadridge well in advance of the Meeting in order to have the Common Shares voted.

Although a beneficial shareholder may not be recognized directly at the Meeting for the purposes of voting Common Shares registered in the name of his broker, a beneficial shareholder may attend the Meeting as proxyholder for the registered shareholder and vote the Common Shares in that capacity. Beneficial shareholders who wish to attend the Meeting and indirectly vote their Common Shares as proxyholder for the registered shareholder, should enter their own names in the blank space on the form of proxy or voting instruction form provided to them and return the same to their broker (or the broker’s agent) in accordance with the instructions provided by such broker.

All references to shareholders in this Information Circular and the accompanying instrument of proxy and Notice of Meeting are to shareholders of record, unless specifically stated otherwise.

NOTICE-AND-ACCESS

Under the notice-and-access regime adopted by the Canadian Securities Administrators pursuant to National Instrument 54-101–Communications with Beneficial Owners of Securities of a Reporting Issuer, reporting issuers are permitted to deliver the meeting materials by posting them on SEDAR as well as a website other than SEDAR and sending a notice package to each shareholder receiving the meeting materials under this regime. The notice package must include: (i) the relevant form of proxy or voting instruction form; (ii) basic information about the meeting and the matters to be voted on; (iii) instructions on how to obtain a paper copy of the meeting materials; and (iv) a plain-language explanation of how the

new notice-and-access system operates and how the meeting materials can be accessed online. Where prior consent has been obtained, a reporting issuer can send this notice package to shareholders electronically. This notice package must be mailed to shareholders from whom consent to electronic delivery has not been received.

The Corporation has elected to send its meeting materials to beneficial shareholders using the notice-and-access regime. Accordingly, the Corporation will send the above-mentioned notice package to beneficial shareholders which includes instructions on how to access the Corporation's meeting materials online and how to request a paper copy of these materials. Distribution of the Corporation's meeting materials pursuant to the notice-and-access regime has the potential to substantially reduce printing and mailing costs.

Notwithstanding the new notice-and-access regime, the Business Corporations Act (Alberta) ("ABCA") requires the Corporation to deliver a paper copy of the meeting materials to a registered shareholder unless such shareholder provides written consent to electronic delivery. In order to ensure compliance with the ABCA, registered shareholders will be mailed a copy of the meeting materials.

EXERCISE OF DISCRETION

The Common Shares represented by the enclosed form of proxy will be voted or withheld from voting in accordance with the instructions of the shareholder. **The persons appointed under the enclosed form of proxy are conferred with discretionary authority with respect to amendments or variations of those matters specified in the proxy and Notice of Meeting and with respect to any other matters which may properly be brought before the Meeting or any adjournment thereof. If any such matters should come before the Meeting, it is the intention of the persons named in the enclosed form of proxy to vote such proxy in accordance with their best judgment unless the shareholder has specified to the contrary or that Common Shares are to be withheld from voting.** At the time of printing this Information Circular, the management of the Corporation is not aware of any such amendment, variation, or other matter.

Unless otherwise specified, proxies in the accompanying form will be voted in favour of the election of the nominees, hereinafter set forth, as directors of the Corporation and in favour of the appointment of NVS Chartered Accountants Professional Corporation as auditors of the Corporation.

PERSONS MAKING THE SOLICITATION

This solicitation is made on behalf of the management of the Corporation. The cost incurred in the preparation and mailing of both the proxy and this Information Circular will be borne by the Corporation. In addition to the use of mail, proxies may be solicited by personal interviews, personal delivery, telephone or any form of electronic communication or by directors, officers and employees of the Corporation who will not be directly compensated therefor.

In accordance with National Instrument 54-101 - *Communication with Beneficial Owners of Securities of a Reporting Issuer*, arrangements have been made with brokerage houses and other intermediaries, clearing agencies, custodians, nominees and fiduciaries to forward solicitation materials to the beneficial owners of the Common Shares held of record by such persons and the Corporation may reimburse such persons for reasonable fees and disbursements incurred by them in doing so. The costs thereof will be borne by the Corporation.

VOTING SECURITIES AND PRINCIPAL HOLDERS THEREOF

As at May 16, 2016, the Corporation had 36,224,891 Common Shares outstanding. Each Common Share confers upon the holder thereof the right to one vote. Only those shareholders of record on the Record Date are entitled to notice of, and to attend and vote at the Meeting. Any transferee or person acquiring Common Shares after the Record Date may, on proof of ownership of Common Shares, demand of Computershare not later than 10 days before the Meeting that his name be included in the list of persons entitled to attend and vote at the Meeting.

Two or more holders of five (5%) percent of the Common Shares present in person or represented by proxy constitutes a quorum for the Meeting, irrespective of the number of persons actually present at the Meeting.

To the knowledge of the directors and senior officers of the Corporation, as of the date hereof no person or company beneficially owns or controls or directs, directly or indirectly, more than 10% of the voting rights attached to all of the outstanding Common Shares of the Corporation other than as set forth below:

Name	No. of Common Shares	Percentage of Common Shares
Ashraf Zaghoul, Thornhill, Ontario	5,275,776 ⁽¹⁾	14.6%

Note:

(1) In addition, Mr. Zaghoul's spouse, Kristine Lewis, owns 2,859,131 Common Shares of the Corporation.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

The Compensation Committee is responsible for setting the overall compensation strategy of the Corporation and administering the Corporation's executive compensation program. As part of its mandate, the Compensation Committee approves the appointment and remuneration of the Corporation's executive officers, including the Named Executive Officers identified in the Summary Compensation Table. The Compensation Committee is also responsible for reviewing the Corporation's compensation policies and guidelines generally.

The Compensation Committee is comprised entirely of independent directors (being Dr. Farooqui and Mr. Stevens). The skills and experience of each Committee member in executive compensation that is relevant to his responsibilities and the making of decisions on the suitability of the Corporation's compensation policies and practices is as follows:

Dr. Farooqui is well equipped with tools for employee performance evaluation and motivation, especially in relation to meeting company and client goals and objectives. He firmly believes in compensating individuals for their initiative, hard work and loyalty. Over the years, he has used these skills and extensive experience to the benefit of both employees and companies.

Mr. Stevens was involved in the creation of several trust companies and has over 25 years experience as CEO for over 20 companies. In government, he served as head of the Treasury Board, supervising crown corporations from a financial standpoint, including remuneration. As Minister of Industry, he had extensive involvement in the financial aspects of crown corporations.

The Compensation Committee reviews the compensation policy and practices on a periodic basis. As part of its review and discussion of executive compensation, the Compensation Committee assesses facts that discourage the Corporation's executives from taking unnecessary or excessive risk: i) the Corporation's operating strategy and related compensation philosophy; ii) financial controls that provide limits and authorities in areas such as capital and operating expenditures to mitigate risk taking that could affect compensation; iii) the effective balance, in each case, between cash and equity mix, near-term, and long-term focus, corporate and individual performance, and financial and non-financial performance; and iv) the Corporation's approach to performance evaluation and compensation provides greater rewards to an executive officer achieving both short-term and long-term agreed upon objectives. Based on this review, the Compensation Committee has determined that there are no policies or practices that could encourage a Named Executive Officer or individual at a principal business unit to take inappropriate or excessive risks and is of the view that the compensation policies and practices are not reasonably likely to have a material adverse effect on the Corporation.

The objective of the executive compensation program is to attract, motivate, reward and retain management talent that is needed to achieve the Corporation's business objectives. The compensation program is designed to ensure that compensation is competitive with other companies of similar size and is commensurate with the experience, performance and contribution of the individuals involved and the overall performance of the Corporation. In evaluating performance, the Compensation Committee gives consideration to the Corporation's long-term interests and quantitative financial objectives, as well to the qualitative aspects of the individual's performance and achievements. In addition, the Compensation Committee will receive and review recommendations of the Chief Executive Officer relating to the general compensation structure and policies and programs for the Corporation and the salary and benefit levels for the executive officers.

No Named Executive Officer or director is permitted to purchase financial instruments, including prepaid variable forward contracts, equity swaps, collars, or units of exchange funds that are designed to hedge or offset a decrease in market value of equity securities granted as compensation or held directly or indirectly.

The executive compensation program for the most recently completed financial year was comprised of three principal components: base salaries, a bonus plan and a stock option plan which are designed to provide a combination of cash and equity-based compensation to effectively retain and motivate the executive officers to achieve the corporate goals and objectives. Each component of the executive compensation program is described below.

Base Salaries - Named Executive Officers are paid a base salary to compensate them for providing the leadership and specific skills needed to fulfill their responsibilities. The base salaries for the executive officers are reviewed annually by the Compensation Committee and are determined by considering the contributions made by the officers, how their compensation levels related to compensation packages that would be achievable by such officers from other opportunities and commercially available salary survey data. Salaries of the executive officers are not determined based on benchmarks or a specific formula. The Compensation Committee submits its recommendation to the full board of directors to determine the salary of the Chief Executive Officer. The Compensation Committee considers, and if thought appropriate, approves salaries recommended by the Chief Executive Officer for the other executive officers of the Corporation.

Bonus Plan - The Board, upon the recommendation of the Compensation Committee, approves bonus payments to reward executive officers for their contribution to the achievement of annual corporate goals and objectives. The payment of bonuses is consistent with the overall objective of the Corporation to reward performance. A bonus was awarded for 2015 in recognition of management performance that enabled the Corporation to remain profitable. Management was paid 8% of the unconsolidated Egypt subsidiary profits as a bonus which represented approximately 9% of the total compensation paid to individual Named Executive Officer in 2015.

Stock Option Plan - The Corporation adopted an Incentive Stock Option Plan on March 6, 2001 which was amended on May 14, 2004 and May 12, 2006 (the “Plan”) authorizing the grant of options to designated participants (being directors, officers, employees or consultants of the Corporation) to acquire up to 4,893,928 Common Shares which were reserved for issuance under the Plan. The aggregate number of options that may be granted to insiders of the Corporation may not exceed 10% of the total issued and outstanding Common Shares and the aggregate number of options that may be granted to any one individual must not exceed 5% of the total issued and outstanding Common Shares.

The purpose of the Plan is to develop the interest of officers, directors, employees and key consultants of the Corporation in the growth and development of the Corporation by providing them with the opportunity to acquire an increased proprietary interest in the Corporation. The Plan provides that the terms of the options, the option price and the vesting period shall be fixed by the directors. Options are granted based on the assessment of the Corporation’s Option Committee of the optionee’s past and present contribution to the Corporation’s success and expected contributions of the optionee to the future success of the Corporation.

Option-Based Rewards - The process that the Corporation uses to grant option-based awards to executive officers, including the Named Executive Officers, is for the Board to approve option grants based on recommendations made by the Option Committee. In determining the number of options to be granted to the executive officers, the Option Committee considers the amount, terms and vesting levels of existing options held by the officers and also the number of options remaining available for grant by the Corporation in the future to attract and retain qualified technical and administrative staff. Generally, the number of options granted to any optionee is a function of the level of authority and responsibility of the optionee, the contribution that has been made by the optionee to the business and affairs of the Corporation, the number of options that have already been granted to the optionee and such other factors as the Option Committee may consider relevant.

Orientation and Continuing Education

The Corporation has developed an orientation program for new directors that includes a director's manual ("Director's Manual") which contains information regarding the roles and responsibilities of the Board, each Board committee, the Board chair, the chair of each Board committee and the CEO of the Corporation. The Director's Manual contains information regarding the nature and operation of the Corporation's business, its organizational structure, governance policies including the Board Mandate and each Board committee mandate. The Director's Manual is to be updated as the Corporation's business, governance documents and policies change. The Corporation arranges for information to be disseminated to the Board to inform directors regarding corporate developments and changes in legal, regulatory and industry requirements affecting the Corporation. As well, directors are encouraged to visit the Corporation's facilities, to interact with management and employees.

Ethical Business Conduct

The Corporation has not adopted a written code of business conduct and ethics. However, the Board consults regularly with legal, accounting and auditing advisors to ensure compliance with all applicable legal, accounting and other applicable regulatory requirements.

Nomination of Directors

The Board does not have a nominating committee and responsibility for identifying new candidates to join the Board belongs to the Board as a whole. The Board is responsible for identifying qualified candidates, recommending nominees for election as directors and appointing directors to committees. The Board is requested to objectively consider the independence of candidates, financial acumen, skills and available time to devote to the duties of the Board in making their recommendations for nomination to the Board. The Board reviews the composition and size of the Board and tenure of directors in advance of annual general meetings when directors are most commonly elected by the Corporation's shareholders, as well as when individual directors indicate that their terms may end or that their status may change. The Board encourages all directors to participate in considering the need for and in identifying and recruiting new nominees for the Board. In doing so, the directors are requested by the Board to have regard to the skill sets which are deemed, from time to time, to be most desired in proposed nominees for the Board.

Compensation

The Compensation Committee annually determines the compensation to be received by the Corporation's executive officers. The Compensation Committee is comprised entirely of independent directors. Compensation is determined in the context of the Corporation's strategic plan, the Corporation's growth, shareholder returns and other achievements and considered in the context of position descriptions, goals and the performance of each individual officer.

Other Board Committees

Other than the Audit Committee and the Compensation Committee, the only other standing committees of the Board are the Corporate Governance Committee and the Options Committee. The function of the Corporate Governance Committee is to make recommendations to the Board regarding the adoption of governance policies and to ensure compliance with the governance policies of the Corporation. The function of the Options Committee is to recommend and implement the granting of share options.

Assessments

The Corporation has not previously conducted formal assessments of the Board, the committees or individual directors. The effectiveness and contribution of individual directors is informally assessed based on participation in Board and committee activities.
